Arizon RFID Technology (Cayman) Co., Ltd.

Business Report

In 2025, the global economy experienced significant volatility. Against a backdrop of easing inflation and gradual adjustments to monetary policy, major economies showed a moderate recovery in economic growth. However, the imposition of reciprocal tariffs by the United States and ongoing geopolitical conflicts have had structural impacts on many companies' operations, including supply chain restructuring. In this highly uncertain business environment, the Company's consolidated revenue for 2025 was NT\$3.952 billion, with an operating profit of NT\$351 million, net profit attributable to owners of NT\$225 million, and earnings per share of NT\$3.00.

Despite the high level of global uncertainty, demand for digital transformation, automation, and supply chain visibility continues to increase. This is expected to drive medium- to long-term growth momentum for UHF (Ultra-High Frequency) RFID applications in retail, logistics, manufacturing, and public services. In addition, the emphasis placed by developed countries on supply chain resilience, inventory management, and compliance traceability is expected to generate stable demand for the RFID industry. The Company expects the RFID industry to maintain steady growth.

In response to reciprocal tariffs, trade tensions, and heightened geopolitical risks, the Company continues to implement a strategy of diversified production and supply chain configuration. Through cross-regional production deployment, localized manufacturing, and flexible capacity allocation, the Company seeks to mitigate the impact arising from changes in any single country or tariff regime. In addition to providing products and services to customers in Europe and the United States through its U.S. subsidiary and European sales offices, the Company completed the construction of its Vietnam plant in the third quarter of 2025. Together with its existing facilities in mainland China and Taipei, the Company has further strengthened its production capacity and sales network in Southeast Asia. The Company has also introduced automated equipment and data-driven management systems to enhance production efficiency and quality stability, while improving responsiveness to unexpected events and logistics disruptions.

The Company recognizes that research and development and product innovation are critical to addressing market uncertainty. In addition to leveraging the advantages of Auburn University ARC certification to provide customized RFID solutions to customers in North America, the Company continues to expand its product application areas. Beyond traditional apparel retail, its flexible anti-metal tags have been adopted in global medical device and high-end cosmetics supply chains,

addressing identification challenges in complex environments. The Company has also expanded its ARC-certified product portfolio to include next-generation microchips, high-precision die-cutting and coating technologies, and non-foldable ultra-thin anti-metal tags, successfully applying specialized manufacturing processes and solutions across multiple international product programs.

Furthermore, the Company continues to introduce next-generation wireless network architectures and integrate with major international software-as-a-service (SaaS) cloud platforms, supporting edge computing and machine learning applications. This enables customers to collect and analyze data more efficiently and accurately, while reducing system integration and maintenance costs.

Demonstrating its commitment to sustainable governance, the Company announced that it will formally submit its near-term target to the Science Based Targets initiative (SBTi) in December 2025. Following the publication of its first sustainability report in 2024, this marks the Company's transition from strategic planning to the implementation of concrete carbon reduction actions, aligning with the global 1.5°C pathway. In addition to continuing efforts to reduce emissions across Scopes 1, 2, and 3, the Company is advancing the transition toward low-carbon manufacturing processes, transforming climate risks into competitive advantages. By continuously developing environmentally friendly materials and green manufacturing processes, the Company serves as a key enabler of sustainable development. Leveraging high-precision RFID technology, the Company assists clients in retail, logistics, and supply chain sectors in achieving precise management and reducing resource waste caused by overproduction, working with global partners to promote an efficient, low-carbon, and net-zero future.

Looking ahead to 2026, the global economy is expected to continue operating under the combined influence of reciprocal tariffs, trade tensions, and geopolitical conflicts. While short-term volatility is likely to persist, the long-term trends of digital transformation and sustainable development remain irreversible. As a key supplier in the RFID industry, the Company remains confident in the future applications and growth of RFID technologies. The Company will continue to prioritize technological innovation, deepen its global supply chain deployment, and flexibly adjust its operational strategies. It will further strengthen collaboration with customers in North America and Asia to respond to the evolving international environment, with the aim of capturing growth opportunities amid challenges and creating long-term, sustainable value for shareholders, customers, and employees.

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders
Arizon RFID Technology (Cayman) Co., Ltd.

Opinion

We have audited the accompanying consolidated financial statements of Arizona RFID Technology (Cayman) Co., Ltd. and its subsidiaries (collectively referred to as “the Group”), which comprise the consolidated balance sheets as of December 31, 2025 and 2024, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the “consolidated financial statements”).

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC) and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission (FSC) of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the consolidated financial statements for the year ended December 31, 2025. The matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on the matter.

The key audit matter identified in the Group's consolidated financial statements for the year ended December 31, 2025 is as follows:

Occurrence of Sales Revenue Recognition

The Group mainly engages in radio-frequency identification (RFID) system's design, development, manufacture and trading. For the year ended December 31, 2025, the consolidated sales revenue was \$3,952,716 thousand. Due to the significant amount and the naturally high risk of sales revenue, therefore, we consider the occurrence of sales revenue recognition as a key audit matter.

Our audit procedures for the above-mentioned key audit matter included the following:

1. We reviewed the control activities related to revenue recognition and tested the effectiveness of the design and implementation of the control activities.
2. We sampled the sales revenue by verifying certificates related to shipments, and we reviewed the recipients, payees and the amounts received for abnormalities to confirm the occurrence of the sales revenue recognition.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with statements that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine the matter that was of most significance in the audit of the consolidated financial statements for the year ended December 31, 2025, and is therefore the key audit matter. We describe the matter in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Shu-Wan Lin and Chih-Ming Shao.

Article 2 The rules of procedures for the Company's shareholders' meetings, except as otherwise provided by law, regulation, or the articles of incorporation, shall be as provided in these Rules. Article 3 Unless otherwise provided by the Company's Articles of Incorporation or applicable law or regulation, the Company's shareholders meetings shall be convened by the Board of Directors. The hosting of video conference shareholders' meetings by the Company shall be regulated otherwise in Regulations Governing the Administration of Shareholder Services of Public Companies, clearly stated in the Articles of Incorporation, and approved by the Board of Directors. The video conference shareholders' meeting shall also be decided by a majority vote in a Board meeting with at least two thirds of directors in attendance, and the decision shall be reported during a shareholders' meeting.

Changes to how the Company convenes its shareholders' meeting shall be resolved by the Board of Directors, and shall be made no later than mailing of the shareholders' meeting notice.

The Company shall prepare electronic versions of the shareholders' meeting notice and proxy forms, and the origins of and explanatory materials relating to all proposals, including proposals for ratification, matters for deliberation, or the election or dismissal of directors or supervisors, and upload them to the Market Observation Post System (MOPS) before 30 days before the date of an annual shareholders' meeting or before 15 days before the date of an extraordinary shareholders' meeting. The Company shall prepare electronic versions of the shareholders' meeting agenda and supplemental meeting materials and upload them to the MOPS before 21 days before the date of the annual shareholders' meeting or before 15 days before the date of the extraordinary shareholders' meeting. If, however, the Company has the paid-in capital of NT\$10 billion or more as of the last day of the most current fiscal year, or total shareholding of foreign shareholders and PRC shareholders reaches 30% or more as recorded in the register of shareholders of the shareholders' meeting held in the immediately preceding year, transmission of these electronic files shall be made by 30 days before the annual shareholders' meeting. When convening a shareholders' meeting, the Company shall also have prepared the shareholders' meeting handbook and supplemental meeting materials 15 days before the date of the shareholders' meeting, and made them available for review by shareholders at any time. The meeting handbook and supplemental materials shall also be displayed at the Company and the professional shareholder services agent designated thereby.

The Company shall make the meeting agenda and supplemental meeting materials in the preceding paragraph available to shareholders for review in the following manner on the date of the shareholders' meeting:

- 1 For physical shareholders' meetings, to be distributed on-site at the meeting.
- 2 For hybrid shareholders' meetings, to be distributed on-site at the meeting and shared on the virtual meeting platform.

None of the above matters may be raised by an extraordinary motion.

Where re-election of all directors and supervisors as well as their inauguration date is stated in the notice of the reasons for convening the shareholders' meeting, after the completion of the re-election in said meeting such inauguration date may not be altered by any extraordinary motion or otherwise in the same meeting.

A shareholder holding one percent or more of the total number of issued shares may submit to the Company a proposal for discussion at an annual shareholders' meeting. The number of items so proposed is limited to one only, and no proposal containing more than one item will be included in the meeting agenda. When the circumstances of any subparagraph of Article 172-1, Paragraph 4 of the Company Act apply to a proposal put forward by a shareholder, the Board of Directors may exclude it from the agenda.

A shareholder may propose a recommendation for urging the Company to promote public interests or fulfill its social responsibilities, provided procedurally the number of items so proposed is limited only to one in accordance with Article 172-1 of the Company Act, and no proposal containing more than one item will be included in the meeting agenda.

Prior to the book closure date before an annual shareholders' meeting is held, the Company shall publicly announce its acceptance of shareholder proposals in writing or electronically, and the location and time period for their submission. The period for submission of shareholder proposals may not be less than 10 days.

Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The shareholder making the proposal shall be present in person or by proxy at the annual shareholders' meeting and take part in discussion of the proposal.

Prior to the date for issuance of notice of a shareholders meeting, the Company shall inform the shareholders who submitted proposals of the proposal screening results, and shall list in the meeting notice the proposals that conform to the provisions of this Article. At the shareholders' meeting, the Board of Directors shall explain the reasons for exclusion of any shareholder proposals not included in the agenda.

Article 3-1 Unless otherwise provided in these Rules, the Company that will convene a shareholders' meeting with video conferencing shall expressly provide for such meetings in its Articles of Incorporation and obtain a resolution of its Board of Directors. In addition, when a shareholders' meeting with video conferencing is convened, the video conferencing related matters should be outsourced. If, due to a natural disaster, unforeseen event, or other force majeure event, the Ministry of Economic Affairs announces that within a certain period of time companies may hold their shareholders' meetings by means of video conferencing, companies may be exempted during that period from the requirement of express provision in their Articles of Incorporation. If a shareholders' meeting with video conferencing is convened by any person with convening rights other than the Board of Directors, the provisions of this chapter shall apply mutatis mutandis, and the convening of the meeting may be exempted from the requirement of express provision in the Articles of Incorporation.

To hold a virtual-only shareholders' meeting, the Company shall meet the following conditions with respect to the meeting:

- 1 There will be no proposal at the shareholders' meeting for election of directors or supervisors.
- 2 There will be no proposal at the shareholders' meeting for discharge of a director or supervisor.
- 3 There will be no proposal at the shareholders' meeting under Article 185 or 316 of the Company Act, Article 18, 27, 29, or 35 of the Business Mergers and Acquisitions Act, or Article 24, Paragraph 2, Subparagraph 1, or Article 26, Paragraph 2, Subparagraph 1 of the Financial Holding Company Act.

supervisors, or if there is a proposal for election of directors or supervisors, the number of candidates does not exceed the number of seats to be filled in the election.

- (2) There will be no proposal at the shareholders' meeting for discharge of a director or supervisor.

Article 4 For each shareholders' meeting, a shareholder may appoint a proxy to attend the meeting by providing the proxy form issued by the Company and stating the scope of the proxy's authorization.

A shareholder may issue only one proxy form and appoint only one proxy for any given shareholders' meeting, and shall deliver the proxy form to the Company before five days before the date of the shareholders' meeting. When duplicate proxy forms are delivered, the one received earliest shall prevail unless a declaration is made to cancel the previous proxy appointment.

After a proxy form has been delivered to the Company, if the shareholder intends to attend the meeting in person or to exercise voting rights by correspondence or electronically, a written notice of proxy cancellation shall be submitted to the Company before two business days before the meeting date. In the absence of a timely rescission, the voting power exercised by the authorized proxy agent at the meeting shall prevail.

When the Company convenes a shareholders' meeting with video conferencing, if a shareholder has engaged a proxy to attend the shareholders' meeting, the shareholder may not then attend the shareholders' meeting unless otherwise provided in these Rules or the Company Act. In addition, if a shareholder, proxy solicitor, or proxy agent intends to take part in the meeting by video conferencing, they shall register with the Company by 2 days prior to the scheduled meeting date of the shareholders' meeting.

If, after the service of the power of attorney of the proxy to the Company, the shareholder issuing the proxy intends to take part in the shareholders' meeting by video conference, the shareholder shall issue a proxy rescission notice to the Company by 2 days prior to the scheduled date of the shareholders' meeting. In the absence of a timely rescission, the voting power exercised by the authorized proxy agent at the meeting shall prevail.

Article 5 The venue for a shareholders' meeting shall be the premises of the Company, or a place easily accessible to shareholders and suitable for a shareholders' meeting. The meeting may begin no earlier than 9 a.m. and no later than 3 p.m. Full consideration shall be given to the opinions of the independent directors with respect to the place and time of the meeting.

The restrictions on the place of the meeting shall not apply when the Company convenes a virtual-only shareholders' meeting.

Article 6 The Company shall specify in its shareholders' meeting notices the time during which attendance registrations for shareholders, solicitors and proxies (collectively "shareholders") will be accepted, the place to register for attendance, and other matters for attention.

The time during which shareholder attendance registrations will be accepted, as stated in the preceding paragraph, shall be at least 30 minutes prior to the time the meeting commences. The place at which attendance registrations are accepted shall be clearly marked and a sufficient number of suitable personnel assigned to handle the registrations. For virtual shareholders' meetings, shareholders may begin to register on the virtual meeting platform 30 minutes before the meeting starts. Shareholders completing registration will be deemed as attend the shareholders' meeting in person.

Shareholders shall attend shareholders' meetings based on attendance cards, sign-in cards, or other certificates of attendance. The Company may not arbitrarily add requirements for other documents beyond those showing eligibility to attend presented by shareholders. Solicitors soliciting proxy forms shall also bring identification documents for verification.

The Company shall furnish the attending shareholders with an attendance book to sign, or attending shareholders may hand in a sign-in card in lieu of signing in.

The Company shall furnish attending shareholders with the meeting agenda book, annual report, attendance card, speaker's slips, voting slips, and other meeting materials. Where there is an election of directors or supervisors, pre-printed ballots shall also be furnished.

When the government or a juristic person is a shareholder, it may be represented by more than one representative at a shareholders' meeting. When a juristic person is appointed to attend as proxy, it may designate only one person to represent it in the meeting.

In the event of a virtual shareholders' meeting, shareholders wishing to attend the meeting online shall register with the Company two days before the meeting date.

In the event of a virtual shareholders' meeting, the Company shall upload the meeting agenda book, annual report and other meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting.

Article 6-1 To convene a virtual shareholders' meeting, the Company shall include the follow particulars in the shareholders' meeting notice:

- 1 How shareholders attend the virtual meeting and exercise their rights.
- 2 Actions to be taken if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents or other force majeure events, at least covering the following particulars:
 - (1) To what time the meeting is postponed or from what time the meeting will resume if the above obstruction continues and cannot be removed, and the date to which the meeting is postponed or on which the meeting will resume.
 - (2) Shareholders not having registered to attend the affected virtual shareholders meeting shall not attend the postponed or resumed session.
 - (3) In case of a hybrid shareholders meeting, when the virtual meeting cannot be continued, if the total number of shares represented at the meeting, after deducting those represented by shareholders attending the virtual shareholders' meeting online, meets the minimum legal requirement for a shareholders' meeting, then the shareholders' meeting shall continue. The shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, and the shareholders attending the virtual meeting online shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders' meeting.
 - (4) Actions to be taken if the outcome of all proposals has been announced and extraordinary motion has not been carried out.
- 3 To convene a virtual-only shareholders' meeting, appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholders' meeting online shall be specified. In addition to the conditions stated in the Article 44-9, Paragraph 6 of the Regulations Governing the Administration of Shareholder Services of Public Companies, shareholders shall at least be provided with connection equipment and necessary assistance, and the period during which shareholders may submit a request to the Company and other relevant issues shall be specified.

Article 7 If a shareholders' meeting is convened by the Board of Directors, the meeting shall be chaired by the Chairman. When the Chairman is on leave or for any reason unable to exercise the powers of the Chairman, the Chairman shall appoint one of the directors to act as chair. Where the Chairman does not make such a designation, the directors shall select from among themselves one person to serve as chair.

When a director serves as chair, as referred to in the preceding paragraph, the director shall be one who has held that position for six months or more and who understands the financial and business conditions of the Company. The same shall be true for a representative of a juristic person director that serves as chair.

It is advisable that shareholders' meetings convened by the Board of Directors be chaired by the Chairman in person and attended by a majority of the directors and at least one member of each functional committee on behalf of the committee. The attendance shall be recorded in the meeting minutes. If a shareholders' meeting is convened by a party with power to convene but other than the Board of Directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall mutually select a chair from among themselves.

The Company may appoint its attorneys, certified public accountants, or related persons retained by it to attend a shareholders' meeting in a non-voting capacity.

Article 8 The Company, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders' meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.

In the event of a video conference shareholders' meeting, the Company shall keep records of the shareholders' registration, enrollment, check-in, questions and voting and the Company's vote counting results, and shall continuously and uninterruptedly record and videotape the entire video conference.

The Company shall keep the aforementioned information and audio and video recordings safe throughout the life of the Company, and shall give the audio and video recordings to the person entrusted with the video conference for retention.

In case of a virtual shareholders' meeting, the Company is advised to audio and video record the back-end operation interface of the virtual meeting platform.

Article 9 Attendance at shareholders meetings shall be calculated based on numbers of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in, and the shares checked in on the virtual meeting platform, plus the number of shares whose voting rights are exercised by correspondence or electronically.

The chair shall call the meeting to order at the appointed meeting time and disclose information concerning the number of nonvoting shares and number of shares represented by shareholders attending the meeting. However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than one hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned. In the event of a virtual shareholders' meeting, the Company shall also declare the meeting adjourned at the virtual meeting platform.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, Paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders' meeting shall be convened within one month. In the event of a virtual shareholders' meeting, shareholders intending to attend the meeting online shall re-register to the Company in accordance with Article 6.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the shareholders' meeting pursuant to Article 174 of the Company Act.

Article 10 If a shareholders' meeting is convened by the Board of Directors, the meeting agenda shall be set by the Board of Directors. Votes shall be cast on each separate proposal in the agenda, or deemed passed if the chair receives no objections from any attendees. Where there is an objection, it shall be determined with a vote by ballot. The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders' meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a shareholders' meeting convened by a party with the power to convene that is not the Board of Directors.

The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders' meeting. If the chair declares the meeting adjourned in violation of the Rules of Procedure, the other members of the Board of Directors shall promptly assist the attending shareholders in electing a new chair in accordance with statutory procedures, by

agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

The chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chair may announce the discussion closed, call for a vote, and schedule sufficient time for voting.

Article 11 Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chair.

A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the chair, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chair may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chair and the shareholder that has the floor; the chair shall stop any violation.

When a juristic person shareholder appoints two or more representatives to attend a shareholders' meeting, only one of the representatives so appointed may speak on the same proposal. After an attending shareholder has spoken, the chair may respond in person or direct relevant personnel to respond.

Where a virtual shareholders' meeting is convened, shareholders attending the virtual meeting online may raise questions in writing at the virtual meeting platform from the chair declaring the meeting open until the chair declaring the meeting adjourned. No more than two questions for the same proposal may be raised. Each question shall contain no more than 200 words. The regulations in paragraphs 1 to 5 do not apply.

As long as questions so raised in accordance with the preceding paragraph are not in violation of the regulations or beyond the scope of a proposal, it is advisable the questions be disclosed to the public at the virtual meeting platform.

Article 12 Voting at a shareholders meeting shall be calculated based the number of shares.

With respect to resolutions of shareholders' meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of the Company, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed three percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

Article 13 A shareholder shall be entitled to one vote for each share held. Except when the shares are restricted shares or are deemed non-voting shares under Article 179, Paragraph 2 of the Company Act.

1 When the Company holds a shareholders' meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders' meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person.

However, the shareholder will be deemed as having waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; it is therefore advisable that the Company avoid the submission of extraordinary motions and amendments to original proposals.

- 2 A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to the Company before two days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail. Except when a declaration is made to cancel the earlier declaration of intent.
- 3 After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders' meeting in person or online, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to the Company, by the same means by which the voting rights were exercised, before two business days before the date of the shareholders' meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders' meeting, the voting rights exercised by the proxy in the meeting shall prevail.
- 4 Except as otherwise provided in the Company Act and in the Company's Articles of Incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.
- 5 When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of the Company.

Vote counting for shareholders' meeting proposals or elections shall be conducted in public at the place of the shareholders meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

When the Company convenes a virtual shareholders' meeting, after the chair declares the meeting open, shareholders attending the meeting online shall cast votes on proposals and elections on the virtual meeting platform before the chair announces the voting session ends or will be deemed abstained from voting.

In the event of a virtual shareholders meeting, votes shall be counted at once after the chair announces the voting session ends, and results of votes and elections shall be announced immediately.

When the Company convenes a hybrid shareholders' meeting, if shareholders who have registered to attend the meeting online in accordance with Article 6 decide to attend the physical shareholders' meeting in person, they shall revoke their registration two days before the shareholders' meeting in the same manner as they registered. If their registration is not revoked within the time limit, they may only attend the shareholders' meeting online.

When shareholders exercise voting rights by correspondence or electronic means, unless they have withdrawn the declaration of intent and attended the shareholders' meeting online, except for extraordinary motions, they will not exercise voting rights on the original proposals or make any amendments to the original proposals or exercise voting rights on amendments to the

original proposal.

Article 14 The election of directors or supervisors at a shareholders' meeting shall be held in accordance with the applicable election and appointment rules adopted by the Company, and the voting results shall be announced on-site immediately, including the names of those elected as directors and supervisors and the numbers of votes with which they were elected, and the names of directors and supervisors not elected and number of votes they received.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 15 Matters relating to the resolutions of a shareholders' meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form.

The Company may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their voting results (including the number of voting rights), and disclose the number of voting rights won by each candidate in the event of an election of directors or supervisors. The minutes shall be retained for the duration of the existence of the Company.

Where a virtual shareholders' meeting is convened, in addition to the particulars to be included in the meeting minutes as described in the preceding paragraph, the start time and end time of the shareholders' meeting, how the meeting is convened, the chair's and secretary's name, and actions to be taken in the event of disruption to the virtual meeting platform or participation in the meeting online due to natural disasters, accidents or other force majeure events, and how issues are dealt with shall also be included in the minutes. When convening a virtual-only shareholders' meeting, other than compliance with the requirements in the preceding paragraph, the Company shall specify in the meeting minutes alternative measures available to shareholders with difficulties in attending a virtual-only shareholders' meeting online.

Article 16 On the day of a shareholders' meeting, the Company shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation, the number of shares represented by proxies and the number of shares represented by shareholders attending the meeting by correspondence or electronic means, and shall make an express disclosure of the same at the place of the shareholders' meeting. In the event a virtual shareholders' meeting, the Company shall upload the above meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting.

During the Company's virtual shareholders' meeting, when the meeting is called to order, the total number of shares represented at the meeting shall be disclosed on the virtual meeting platform. The same shall apply whenever the total number of shares represented at the meeting and a new tally of votes is released during the meeting.

If matters put to a resolution at a shareholders' meeting constitute material information under applicable laws or regulations or under Taiwan Stock Exchange Corporation (or Taipei Exchange Market) regulations, the Company shall upload the content of such resolution to the MOPS within the prescribed time period.

Article 17 Staff handling administrative affairs of a shareholders meeting shall wear identification cards or arm bands.

The chair may direct the proctors or security personnel to help maintain order at the meeting place. When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband bearing the word "Proctor."

At the place of a shareholders' meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by the Company, the chair may prevent the

shareholder from so doing.

When a shareholder violates the Rules of Procedure and defies the chair's correction, obstructing the proceedings and refusing to heed calls to stop, the chair may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 18 When a meeting is in progress, the chair may announce a break based on time considerations. If a force majeure event occurs, the chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders' meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholders meeting to defer or resume the meeting within five days in accordance with Article 182 of the Company Act.

Article 19 In the event of a virtual shareholders' meeting, the Company shall disclose real-time results of votes and election immediately after the end of the voting session on the virtual meeting platform according to the regulations, and this disclosure shall continue at least 15 minutes after the chair has announced the meeting adjourned.

Article 20 When the Company convenes a virtual-only shareholders' meeting, both the chair and secretary shall be in the same location, and the chair shall declare the address of their location when the meeting is called to order.

Article 21 In the event of a virtual shareholders' meeting, the Company may offer a simple connection test to shareholders prior to the meeting, and provide relevant real-time services before and during the meeting to help resolve communication technical issues.

In the event of a virtual shareholders' meeting, when declaring the meeting open, the chair shall also declare, unless under a circumstance where a meeting is not required to be postponed to or resumed at another time under Article 44-20, Paragraph 4 of the Regulations Governing the Administration of Shareholder Services of Public Companies, if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents or other force majeure events before the chair has announced the meeting adjourned, and the obstruction continues for more than 30 minutes, the meeting shall be postponed to or resumed on another date within five days, in which case Article 182 of the Company Act shall not apply.

For a meeting to be postponed or resumed as described in the preceding paragraph, shareholders who have not registered to participate in the affected shareholders' meeting online shall not attend the postponed or resumed session.

For a meeting to be postponed or resumed under the second paragraph, the number of shares represented by, and voting rights and election rights exercised by the shareholders who have registered to participate in the affected shareholders' meeting and have successfully signed in the meeting, but do not attend the postpone or resumed session, at the affected shareholders' meeting, shall be counted towards the total number of shares, number of voting rights and number of election rights represented at the postponed or resumed session.

During a postponed or resumed session of a shareholders' meeting held under the second paragraph, no further discussion or resolution is required for proposals for which votes have been cast and counted and results have been announced, or list of elected directors and supervisors.
